KURA

She waits down the hall
But Daddy don't bring her out
She cries, she cries, she dies
A little each day, yeah, yeah
Now she's opened her eyes
And there she don't know why, she's been taken
I'm losing more than I had to give, yeah
Well, I'm sinking faster now than sin, yeah
Well, I'm old and I'm faded
To a world of my own
I'm dying of love without you
I guess I'll carry on, yeah, yeah
Now she's opened her eyes
And there she don't know why, she's been taken
I'm losing more than I had to give, yeah
Well, I'm sinking faster now than sin, yeah
And I'm losing more than I had to give, yeah
And I'm sinking faster now than sin, yeah
I'm losing more than I had to give, yeah
Well, I'm sinking faster now than sin, yeah
Now I can't open my eyes when I'm living
Now I can't open my eyes when I'm living
