

Little's Enough

Angels & Airwaves

When all is said and done
Will we still feel pain inside
Will these scars go away with night
Stars smile for the morning light

It's like the best dream to have
Where everything is not so bad
Every tear is so alone
Like God himself is coming home

To say I
I can do anything, if you want me here
And I can fix anything, if you'll let me near
Where are those secrets now
That you're just scared to tell
I whisper them all aloud
So you can hear yourself

Dreams were the first sign
The deepest blue, the clearest sky
The silence came with brightest eyes
Like turning water into wine

The children ran to see
The parents stood in disbelief
And those who know braced for the ride
The Earth itself then came alive

To say I
I can do anything, if you want me here
And I can fix anything, if you'll let me near
Where are those secrets now
That you're just scared to tell
I whisper them all aloud
So you can hear yourself

I'm sorry to say it, but you look like you're sad
Your smile is gone, I noticed it bad
The secret's if you let in just a little more love

I promise you this, a little's enough

I'm sorry to say it, but you look like you're sad
Your smile is gone, I noticed it bad
The secret's if you let in just a little more love
I promise you this, a little's enough

I'm sorry to say it, but you look like you're sad
Your smile is gone, I noticed it bad
The secret's if you let in just a little more love
I promise you this, a little's enough

I'm sorry to say it, but you look like you're sad
Your smile is gone, I noticed it bad
The secret's if you let in just a little more love
I promise you this, a little's enough

Oh oh o o oh oh, oh oh o o oh oh, uh oh oh
Oh oh o o oh oh, oh oh o o oh oh, uh oh oh
Oh oh o o oh oh, oh oh o o oh oh, uh oh oh
Oh oh o o oh oh, oh oh o o oh oh, uh oh oh

I'm sorry to say it, but you look like you're sad
Your smile is gone, I noticed it bad
The secret's if you let in just a little more love
I promise you this, a little's enough

I'm sorry to say it, but you look like you're sad
Your smile is gone, I noticed it bad
The secret's if you let in just a little more love
I promise you this, a little's enough

I'm sorry to say it, but you look like you're sad
Your smile is gone, I noticed it bad
The secret's if you let in just a little more love
I promise you this, a little's enough

I'm sorry to say it, but you look like you're sad
Your smile is gone, I noticed it bad
The secret's if you let in just a little more love
I promise you this, a little's enough
