Big Dipper

The Cataracs

And my heart beats in stereo
Oh, I'll never wanna let you go
All my dark secrets you should know
No, I'm never gonna let you goYou got that wicked style
I'll make it worth your while
Loosen that zipper, zipper
Show me that big dipperYou got that wicked style
I'll make it worth your while
Loosen that zipper, zipper
Now slap yo, slap yo handsY'all okay we overkill
Name hold weight like Oprah heels
Hit your face like holyfield
Like a lazy boy, I'm so fa realMy heart beats in stereo
Put emcees in burials
2 left feet and I still got hoes
But enough about thatTry'na make a mill off a beats and raps
So I stay clear from the beaten path
Some say I'm weird but I don't get mad
Rather be weird than the same old, same old (Bitch!)You got that wicked style
I'll make it worth your while
Loosen that zipper, zipper
Show me that big dipperYou got that wicked style
I'll make it worth your while
Loosen that zipper, zipper
Now slap yo, slap yo handsI'm faded
I'm one
Middle finger up to the sun
Everybody now all at onceNow slap yo, slap yo handsGet maney
Go dumb
Middle finger up to the sun
Everybody now all at onceShow me that big dipper
Now slap yo, slap yo hands
Show me that big dipperFuck that noise what cars you in
Girls like boys with confidence
I don't do loads of compliments
Just sold out shows with occupantsMy girls all fuck with the moma
Your girls all fuck club promoters
That's gross but fuck if I'm loaded
I might just run a locomotiveGo choo-choo-train

And fuck that who's who namin
And tell me who you banging
Cause I'm trying to smang it (Smash it bang it!)You got that wicked style
I'll make it worth your while
Loosen that zipper, zipper
Show me that big dipperYou got that wicked style
I'll make it worth your while
Loosen that zipper, zipper
Now slap yo, slap yo handsI'm faded
I'm one
Middle finger up to the sun
Everybody now all at onceNow slap yo, slap yo handsGet maney
Go dumb
Middle finger up to the sun
Everybody now all at onceShow me that big dipper
Now slap yo, slap yo hands
Show me that big dipperAnd my heart beats in stereo
Oh, I'll never wanna let you go
All my dark secrets you should know
No, I'm never gonna let you goYou got that wicked style
I'll make it worth your while
Loosen that zipper, zipper
Show me that big dipperYou got that wicked style
I'll make it worth your while
Loosen that zipper, zipper
Now slap yo, slap yo handsShow me that big dipper
Show me that big dipper
Show me that big dipper
