Gracefully

Court Yard Hounds

You, you wanna stay
Baby, I wish you would go
Please don't make it so hard on me
It tears me to pieces you know
We were no good together
We settle like oil and water
I, I just wanna smile again
But you wanna drown in the bottle
And I can already see what our life would be
Life would be
Yeah, it plays out in my mind like a tragedy
It's not pretty you see
So let me go gracefully
And I can already see what our life would be

Life would be
Yeah, it plays out in my mind like a tragedy
It's not pretty you see
So let me go gracefully
Only with a vision of me
From when we were in love
Yeah, we were on fire
We're on fire
Yeah, it plays out in my mind like a tragedy
It's not pretty you see
So let me go gracefully
Oh, let me go gracefully
Let me go gracefully
