Your Secret

Iron' G

I don't wanna
No I'm not gonna
Cause I don't wanna
Be your secretNo I don't wanna
Cuase I'm not gonna
No I don't wanna
Be your secret
Be your secretJust another night of lonliness
Just a night of me
Just another dream
Tell me what are we without openness
Cause she's been getting more
And I've been getting less of you build my world
Now you're tearing it down
And I'm only one girl
Won't you please come around
Cause you're here in my heart
And you're here in my head
And she's taken my pride
And my side of the bedI don't want to be your secret
I'm not gonna kiss
If you're not gonna kiss and tell
You got me if you want to keep it
Can't keep me from the world
Can't keep me to yourself
No I'm not gonna be your secretI am only getting half a man
If she only knew
I'd get all of you
There's a purpose behind every plan
It's written in the stars
This little thing of ours
And she is holding your heart
While I'm holding your hand
And I want so much more
Darling, please understand
That you're here in my dreams
Every night when I sleep
Just give me one dream that I can keepI don't want to be your secret
I'm not gonna kiss

If you're not gonna kiss and tell
You got me if you want to keep it
Can't keep me from the world
Can't keep me to yourself
No I'm not gonna be your secretOhhhhhh
Ohhhhhh
Let it out, let it out to the world I'm your girl, boyI don't want to be your secret
I'm not gonna kiss
If you're not gonna kiss and tell
You got me if you want to keep it
Can't keep me from the world
Can't keep me to yourself
No I'm not gonna be your secretYou built my world
Now you're tearing it down
And I'm only one girl
Won't you please come around
Cause you're here in my heart
and you're here in my head
and she's taken our time and my side of the bedI don't want to be your secret
I'm not gonna kiss
If you're not gonna kiss and tell
You got me if you want to keep it
Can't keep me from the world
Can't keep me to yourself
No I'm not gonna be your secretI don't wanna
No I'm not gonna
Cause I don't wanna
Be your secretNo I don't wanna
Cause I'm not gonna
No I don't wanna
Be your secret
I'm not gonna be yourI don't want to be your secret
I'm not gonna kiss
If you're not gonna kiss and tell
You got me if you want to keep it
