Crash

Raven Bishop

When it hurts this bad.
I see another girl.
It's time to grab my pack.
And go go go and doh doh doh.It's a crash test dummy.
I'm in love again.
Can't see another boy.
Gotta get you back.
Gotta get you back.
Gotta get you back.When I see your face.
It's hurts to know, I gotta let you go.
And you don't love me no more.
It's time to grab my pack.
And go go go and doh doh doh.
