Feel For Me

The Beginning

I'm so glad
Now that I know
That you feel for me nowMy sorrow is gone
And I'm starting to let go
Can you feel for me nowI'm reeling everywhere
I look you're there again somehow
And you feel for me like I feel for you nowWhen I'm sad
I know you know
'Cause you feel for me nowYou're the queen of my heart
And before you I bow
Can you feel for me nowAngel of light
You have dragged me from the deep
And you feel for me like I feel for you nowOh oh, yeah
Nah Nah Nah Nah Nah Nah Nah Nah Nah
Nah Nah Nah Nah Nah Nah Nah Nah NahDon't be afraid
Never tell me why or how, no no
Just feel for me like I feel for you now, Oh MmmIf there is a light in you
Let me feel it too
Oh, like I feel for you nowAnd if we meet again in another time or place
Will you know my face
Will you feel for me like I feel for you nowOh, will you feel for me like I feel for you now
Mmm, Mmm
Oh, will you feel for me like I feel for you now
Feel, feel for me like I feel for you now
Feel, feel, feel, for me now
