# Christe Eleison

## Michelle Tumes

Grant us grace and grant us hope
Grant us grace and grant us hopeWhen you bring this joy in our youth
In the age of want and despair
Ooh, youre always leading
Ooh, with the life youre bringingAnd we wonder who we are
And we ponder who weve become
Ooh, our hearts have slumbered
Ooh, our feet have stumbledKyrie eleison, Christe eleison
Kyrie eleison, Christe eleisonWhen we pass through ancient streets
Of our hopeless history
Ohh, our eyes are weeping
Ohh, but we are seekingKyrie eleison, Christe eleison
Kyrie eleison, Christe eleison
