Move

Natasha Thomas

When the Lord tell me move I move
Anything he want me do yeah I do
But if it ain't of the Lord then I won't budge
It's because the spirit lives So I still show your love

Verse 1 -

Man I hate my disobedience
Always second guessing God
When he tell me share my faith now I got a question now

Then I end up reasoning myself outta sayin something
Now the opportunity is gone, cause I ran from it

Now I'm prayin for his grace that every time I will speak,
in the schools in the mall,
on the job, on the streets

This is how it's gotta be
I'm talking bout obedience
fearing God not man
that is the ingredients

yes I know you can relate
some of ya'll are shack in up
time for you to move it out
get ya clothes pack it up

yes I know you can relate
Why are you standin still
when the Lord has called you
to hit the foreign mission field

yes I know it's hard though
Plus I understand it
but Jesus said if you love me then you'll keep my commandments

yes I know it's scary though plus I understand it but
Jesus said if
you love me then you'll keep my commandments

Chorus

Hey whatcha lookin at
get from in front of that screen
that is so obscene Jesus died for that very thing

hey time for you to move
you need to go reconcile
you've been havin beef with your fam for a while now

go and confess your sin
go to the lord in prayer
go go go go go go go go go go people everywhere

should be steppin in the way
that is called obedience
in this case it is good for you to be deviant

deviate from the world
run to Christ likeness
run I say run
to the one who is righteous

get accountability
Go and read your bible too
get into the word of god
and get the word of god in you

hey here's an idea
why don't you go and forgive
why don't you go and repent
turn from your sin and enlist

yes I know it's hard though plus I understand it but
Jesus said if
you love me then you'll keep my commandments

Chorus

Do what you gotta do
Gon head and get it on

Get a church membership
Stop church hoppin' homes

This aint legalism fam, this is christianity
Gon head obey the word, all else is vanity

You in this relationship
Do you plan to marry her
Love her like Christ loved the Church
til you bury her

You in that relationship
Do you plan to marry him
Submit to him like you are the church
or just worry him

If you're not then back it
Flee the temptation
You can spend your singleness
witnessing to the nations

You don't you compromise
Stand firm wit it doe
Keep your eyes on the Christ
even if your feeling low

yes I know it's hard though
plus I understand it
but Jesus said if you love me
then you'll keep my commandments

yes I know it's scary though
plus I understand it
but Jesus said if you love me
then you'll keep my commandments
