La da da da daaaa (Okay...cause it never felt like that)

Cause the sex has got me buggin,
And you, you look so good i wish you would (Give me what I'm looking for)
Give me what I'm looking for
Touch is so electric got my heart crazy,

And I cant even front I need the one on one,
and you're the one I want girl, girl you're like static
The way you put it on me girl is like magic,
Got me feenin' for your touch like an addict,

Switchin' lanes in my range, GPS is saying next exit.
I gotcha text message, I'm on my way to you
Here's what we gon' do, and girl I dare you to,
(Move in closer, don't stop, don't mess up the flow)
I dare you to (don't be scared, touch right there, make your body say ohhh)
I don't really know what it is that you do
It's like a force, I'm stuck on you, like staticccc
The way you put it on me girl is like magic (ohh)
Got me feenin for your touch like an addict (addiccttt)
