

# I Don't Wanna Leave You On the Farm

Ween

I don't wanna leave you on the farm  
I don't wanna leave you on the farm  
I don't wanna go, oh just so you know  
I don't wanna leave you on the farm Days go by and I'm still high  
But you know I'm thinkin' about you  
Corn's turned brown, leaves fall to the ground  
It's a sound that reminds me of you I don't wanna leave you on the farm  
I don't wanna leave you on the farm  
I don't wanna go, oh just so you know  
I don't wanna leave you on the farm No telephone to call you at home  
I'm alone on the throne  
Go get somethin', hey, thanks for nothin'  
I'll keep truckin' and gettin' myself stoned I don't wanna leave you on the farm  
I don't wanna leave you on the farm  
I don't wanna go oh just so you know  
I don't wanna leave you on the farm Days go by and I'm still high  
But you know I'm thinkin' about you  
Corn's turned brown, leaves fall to the ground  
It's a sound that sticks like glue
