Strength To Stay

Go Radio

Can you breathe? Does it hurt?
What's it like when you can see it coming?
When it takes all that you got just to speakCan you hear every word as the morning comes
And is all transforming?
Would it make the slightest difference
If you could see?And you wanna get out of here
'Cause you don't have the strength to stay
And lost and confused you leave with the atmosphere
It's all we can do, it's all we can doIt's the mark and the scar
It's this all consuming act of silence
As we walk out to the room in a dazeIt's the sound of the car
And the way the road will make the most sense
If we'd ever just quite figure out what it's sayingIt's the back of the blade
It's the dull but painful ache
Can it hurt? Can it save?'Cause you wanna get out of here
And you don't have the strength to stay
And lost and confused you leave with the atmosphere
It's all we can do to live and to long for yesterdayAnd when it takes all we have left to breathe
And everything we have inside to speak
You can't find the nerve when all you want is to bleed
Can we say that we're safe?Do you? Do you hear?
Do you wanna get hurt?'Cause you wanna get out of here
Yes, you don't have the strength to stay
And lost and confused you leave with the atmosphere
It's all we can do to live and to long for yesterday
