Platinum Blonde Life

No Doubt

I'm closing all the curtains
So don't you even bother
And I'm calling out murder
But I'm underneath the coversAnd who's foolin' who?
With this mood like a train
Watch me roll over
Get out of my wayAnd there's a knock on my door
But I'm not gonna open it
I'm gonna close my eyes
And maybe it will go awayI want a platinum blond life
So I keep bleachin' out the colors
I try to do what I oughta
But never drink enough waterAnd where did my lover go?
I really wish he could stay
I feel it's empty as a widow
I'm gonna sleep it all awayAnd there's a knock on my door
But I'm not gonna open it
I'm gonna close my eyes
And maybe it will go awayI'm gonna sleep all though the day
I'm gonna asleep my life away
I'm gonna sleep all through the day
I'm gonna sleep myself away
I'm gonna close my eyes
And maybe it'll go awayAnd there's a knock on my door
But I'm not gonna open it
I'm gonna close my eyes
And maybe it will go awayAnd there's a knock on my door
But I'm not gonna open it
I'm gonna close my eyes
And maybe it will go awayI'm gonna close my eyes
And maybe it will go away
