Burnout

DJ Arcane

Friday night and I crashed your party
Saturday night and I crashed your car
Sunday night when you threw me out
Couldn't believe I even got that far
Look out of your bedroom window
And tell me what you see
Who's that standing in the shadows
Oh baby you belong to me, yeah
Place your bets 'cause I got a good feeling
Hey over there, are you looking my way
Electrified like a shock to the system
You walk right through my DNA
If you could just walk for a mile in my shoes
If you don't lose your mind you got no mind to lose
Bang, bang, gonna shoot you down
I got me a gun but I gotta get a better one
Sweating hard, buzzing like a fly
Like a, like a thief with a water-tight alibi
High hopes are sinking like a stone
I swallow my pride
But I'm choking on a fish bone
Oh my, I gotta try, so step right up
I'll give you what you want
It's what you need
You know I'm gonna give you what you want
And what you need, yeah
Head over heels and it's making me nervous
Get on my knees and it's making me worse
There's no way out so I pay lip-service
If this thing is bigger than the both of us
If you could just walk for a mile in my shoes
If you don't lose your mind you got no mind to lose
Bang bang gonna shoot you down
I got me a gun but I gotta get a better one
Sweating heart, buzzing like a fly
Like a, like a thief with a water-tight alibi
High hopes are sinking like a stone
I swallow my pride but I'm choking on a fish bone
Oh my, I gotta try, so step right up

I'll give you what you want
It's what you need
You know I'm gonna give you what you want
And what you need, yeah
Bang, bang, gonna shoot you down
I got me a gun but I gotta get a better one
Oh my, I gotta try, so step right up
I'll give you what you want
It's what you need
You know I'm gonna give you what you want
And what you need, yeah
You know I'm gonna give you what you want
You know I'm gonna give you what you want
You know I'm gonna give you what you want
And what you need, yeah
