Find Me

Trafik

I know something's bound to change
And I know I have been to blame
Washing away this era of madness won't come and spread no shame
'Cause I've been waiting watching and praying for you to go insane
I've been

[Chorus:]
Calling out, come on out and find me
'Cause I've been waiting my turn
Pressure's on
Now your heart is beating
To the sound of my name
And I say
Find me
Find me
Come on out and find me
Find me
Find me
Pressure's on now

Feeling the fire burning the thought of calling back your name
Maybe it's all different because I cease to play your game
Forget the footsteps
Forward and take one back
Pray that you're secure, hey
So now you're prying
Open the binding
I'm what you're looking for

[Chorus]

[Bridge:]
This civil smile
It won't get you, yeah, anywhere anymore
Anymore,
Anymore,
Anymore

[Chorus]

[Shortened chorus:]
Calling out, come on out and find me
'Cause I've been waiting my turn
Pressure's on
Now your heart is beating
To the sound of my name,
Come on out and find me

[The acoustic version ending:]
Callin out, come on out and find me
'Cause I've been waiting my turn
Pressure's on,
Now your heart is beating
To the sound of my name
And I say

Deceitful smile
It won't get you, anywhere anymore
Anymore
Anymore
Anymore, more, more
Yeah, yeah!

Pressure's on,
Heart is beating
To the sound of my name
Find me!
I said, find me!
