Mask

Pop Will Eat Itself

Smoking crack and gak attacks you had to try smack
You seek a blowback to get your payback
To jack is wack, it's like you wear a maskSmoking crack and gak attacks you had to try smack
You seek a blowback to get your payback
To jack is wack, it's like you wear a mask
That's you, that is, loveGet your payback, get your blowback...Smoking, smoking, smoking
You wear a maskGet your payback, get your blowback...You wear a mask...That's you, that is, love
Look in the mirror, love
That's you, that is, love
You wear a maskSomebody's got to get the message through
To have a word and put a sledgehammer through you
Somebody's got to get the message through
Someone, somehow, somedayThat's you, that is, love
Look in the mirror, love
That's you, that is, love
You wear a maskThat's you, that is
Look in the mirror
That's you, that isGet your payback, get your blowback...
