

Slow Country

Gorillaz

City life
Calling me later
Me and my soul
Geared to attack
Never get another chance
So what you doin'?
Gotta get money
Ain't quite [incomprehensible] Can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness Shoot my life
Been tryin' not to laugh though
You won't get money
From doin' what you're lovin'
Movin' out of city
Better have a second chance
Get a lot of problems
We kicked a lot of them Can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness Can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness Can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness
