all

Tickles

Watch my world spin round, it stops for you
I'll give you heaven for a view
I set my sights on high my aim is true
I'd walk on water just for you
Yeah all is all I can give you
All is all I can do
All is all I wish for when I'm with you
And come lay your troubles down, rest here with me
My kingdom is all yours to receive
Yeah all is all I can give you
All is all I can do
All is all I wish for when I'm with you
Well, I'll push the clouds away so you can have sunshine
And I'll give you anything that your heart desires
Yeah all is all I can give you
All is all I can do
All is all I wish for when I'm with you
Yeah all is all I can give you
All is all I can do
All is all I wish for when I'm with you
