

# Cry On Command

## Gloriana

You always pull this  
From your bag of tricks  
You toss a tear on your cheek  
Just to see what sticksThe dashboard light reads midnight  
You don't want me to go  
The house is dark, you're falling apart  
And you hate to be aloneBut I don't get it  
What's wrong with you?  
I swear you turn it on  
Anytime you want toCry, cry  
Cry on command  
Cry, cry  
I don't understand  
Why you cry on commandWait a minute  
You're not being fair  
You know what I've been through  
Why would you go there?But you don't get it  
I can't hold it in  
And this ain't who I wanna be  
Oh, it's just who I amCry  
(I never know why)  
Cry  
(You always think I)  
Cry on commandCry  
(Don't ever leave me)  
Cry  
(Don't you believe me?)  
I don't understand  
Why you cry on commandCry, cry  
Why do you think I cry?Cry  
(I never know why)  
Cry  
(You always think I)  
Cry on commandCry  
(Don't ever leave me)  
Cry  
(Don't you believe me?)  
I don't understand  
Why you cry on command
