She's Like Ecstasy

The Semiautos

She said to me, that she was like ecstasy
And so I know, from her taste
That she's so hard to replace
"She's like ecstasy"
She wore femme fatale, oh yeah I could tell
When I went on her ride
Her wounds still achin in my side
"She's like ecstasy"
With every beg and please
She brings me to my knees
And the rush in you today
Just makes it all ok
I think her loves insane
She's racing through my brain
And now I'm on, on her cloud
I don't really want to comedown
" Cause she's like ecstasy"
With every beg and please
She brings me to my knees
And the rush in you today
Just makes it all ok
She said to me, that she was like ecstasy
And so I know from her taste
That she's so hard to replace
"Cause she's like ecstasy
Yeah and she's like ecstasy
And she's like ecstasy"
