Touch Me (Un-Plugged Mix)

Rui Da Silva

You will always be my baby
I will always think of you, baby
Yeah, yeah, ha, oohTouch me in the morning and last thing at night
Keep my body warm baby, you know it feels right
Take it a little higher, I'm faking it too
Tell me what you're feeling, I'll feel it with youWe can only understand what we are shown
How was I supposed to know our love would grow?
We can only understand what we are shown
How was I supposed to know our love would grow?Move a little closer make sure you're looking up
Heal me with your loving, I need you so much
I need you so much, I need you so much
Yeah, ooh, ooh, ahWe can only understand what we are shown
How was I supposed to know our love would grow?
We can only understand what we are shown
How was I supposed to know our love would grow?You touched my mind in special places
My heart races with you
I'll take your love and I'll take your chances
I'll take them with youTouch me in the morning and last thing at night
Keep my body warm baby, you know it feels right
Take a little higher, I'm feeling it too
Tell me what you're feeling, I'll feel it with you, feel it with you feel it with youWe can only understand what we are shown
How was I supposed to know our love would grow?
We can only understand what we are shown
How was I supposed to know our love would grow?You touch my mind in special places
My heart races with youYou touch my mind in special places
My heart races with you
I'll take your love, I'll take my chances
I'll take them with you
I need you so much
