Hot

íƒœì–‘

Summertime, No Secrets
Bring it live, dance with me now
This is for all of us right here, you feel me?
Hot
NYC to Cali
Oh, we're cuttin' trips in the valley
Everywhere we go, you know we gonna roll with
Ah, top down crusin' nice and slow
We got NSYNC crankin' on the radio, yeah
You know I'll be your girlfriend, yo
Gettin' in the flow, a little J Lo
Check out the scenes, see where we're gonna go
Singing, la di, da di, da di, da
Ain't no friends like the ones I got
I like the sweet ones, she likes the thugs
I play it cool, angel gotta holla
Yeah yeah, it's like that
Good friends they got your back
Tell me what more can ya ask?
I just gotta say
I like it, it's a good day
The beat is pumpin' don't stop
I like it when it starts to get hot
I like it, this is how we play
Turn it up, turn it up, don't stop
I like it when it starts to get hot, ooh
It's a good day, check my two way
Just got a page, from my hottie
Maybe see him later on at the party
Meanwhile days just gettin' started
Erin's checkin' out the boy in the Benz
Your kinda cute huh, got any friends?
I hear it's goin' up down by the beach
If you can keep up, up then follow me
La di, da di, da di, da
Ain't no friends like the ones I got
It's never quiet we all talk at once, yeah
Don't get us started 'cause we'll never stop
Yeah yeah, it's like that
Good friends they got your back
We may not be your everyday girls

But we can promise that you'll never get bored
I like it, it's a good day
The beat is pumpin' don't stop
I like it when it starts to get hot
I like it, this is how we play
Turn it up, turn it up, don't stop
I like it when it starts to get hot
Dance break, make it hot
I told ya this is gonna be hot
Boys, yeah, oh
Like that
La di, da di, da di, da, it's good
Ain't no friends like the ones I got
With me, hot
Yeah yeah, it's like that
Good friends they got your back
Tell me what more can ya ask?
I just gotta say
I like it, it's a good day
The beat is pumpin' don't stop
I like it when it starts to get hot
I like it, this is how we play
Turn it up, turn it up, don't stop
I like it, it's a good day
The beat is pumpin' don't stop
I like it when it starts to get hot
I like it, this is how we play
Turn it up, turn it up, don't stop
I like it when it starts to get hot
I just gotta say
I like it, it's a good day
The beat is pumpin' don't stop
I like it when it starts to get hot
I like it, this is how we play
Turn it up, turn it up, don't stop
I like it when it starts to get hot
I like it, it's a good day
The beat is pumpin' don't stop
I like it when it starts to get hot
I like it, this is how we play
