Porn

The Deciders

You're young and beautiful some would call you a slut.
All you can give is a paper cut your porn.
You're hot and its dry and the dust devil spins on the plan.
Youre a cloud that floats by youre a dark cloud giving no rain you're porn.Shes young and beautiful some would call you a tart.
Shes lying when she says its fine art you're porn.
Dear friend you can see it all but you got nothing.
Believe me when I say shes a poison spring shes porn.
