Way Down

The Feelies

Somebody tell me
Where did I go wrong
Oh, what a fool am I
Sometimes
You can feel you don
't belong
Wanna die
Way down
I've been all the way
And I know the reason why
Way down
Is the price I paid
Oh but now I realise
Somebody tell me
That you understand
Oh that I'm not alone
Sometimes
When you need a helpin? hand
Oh I know

Way down
I've been all the way
And I know the reason why
Way down
Is the price I paid
Oh but now I see a light
Way down
Way down
I?ve been all the way
And I know the reason why
Way down
Is the price I paid
Oh but now I realise
Way down
I?ve been all the way
And I know the reason why
Way down
Is the price I paid
I don't wanna go no more

Way down
