Good Occasions

Marble Sounds

[Verse 1]
Drunk and sore for so many days
But what's to regret?
I've had my way
We could have met but i was too shy
The first thing i said was a soft goodbye[Chorus]
I count on countless good occasions
To be quick and to the point
To perceive the situation
But a constant hesitation
Has been turning me around
Here is hope you can still take it[Verse 2]
Whispering, you are never seen
You're slipping out
Escaping scenes
Keep it real and kick my dreams
Important deals, once agreed[Chorus][Bridge]
(Instrumental)[Verse 3]
It takes a while to value time
I'll take a break
Arrive too late
If i fall behind, it is you i'll find
In a lovely house
In a lovely town
