I Wanna Touch You (Squad E Remix)

Ultrabeat

I'm sure you know
I'll care for you
This time we know
I'll be waiting
Just like a dream
Of love, that's past
We seem to be hesitatingI wanna touch you
I wanna be with you
I wanna hold you in my armsI'll never regret you
Never forget you
Don't wanna ever fall apartI wanna touch you
I wanna be with you
I wanna hold you in my armsI'll never regret you
Never forget you
Don't wanna ever fall apartI wanna touch you
I wanna be with you
I wanna hold you in my armsI'll never regret you
Never forget you
Don't wanna ever fall apart
