But the Blood

Kirk Franklin

Born alone and left to die
Broken heartered, criticized
Hid behind the childhood lies
Everything has changed since the Blood
Since the Blood
Since the Blood
Oh, the BloodBorn alone and left to die
Broken heartered, criticized
Hid behind the childhood lies
Everything has changed since the Blood
(Falling on us)
Since the Blood (Gave me purpose)
Since the Blood (It says you're for us)
Since the Blood (who can be against us)Hopeless fallen from the air
Reaching but no one is there
Screaming, quiet, no one cares
I might as well have died
But the Blood (Falling on us)
But the Blood (Gave me purpose)
But the Blood (it says you're for us)
Oh, the Blood (who can be against us)Choir:
Oh, the cleansing power
That takes the guilt away
The Lamb was sacrificed now we
No longer fear the grave
No more condemnation
The debt of man is paidBy the Blood
But for the Blood (Repeat)Now we are never alone
Your Blood, it makes us strong
Now there is power to move on
Never, we are never alone
(Repeat)Intrumental
PreachingNow we are never alone
Your Blood, it makes us strong
Now there is power to move on
Never, we are never alone
(Repeat)Once I had a heart
That just won't seems to heal
No joy blowing through the wind

Your church I couldn't feel
Near my ear I hear your voice
Speaking comfort to my soul
Saying when you re weak that's when am strong
Now am so gland I know...No more loneliness
No more cloudy days
No more crying in the midnight hour
The fears that just won't fadeNo more loneliness
No more sky that all seems gray
For am resting in your blood stain hands
Forever and alwaysThough I may fall
I hear your call telling me
That I am free, am free indeedNo more loneliness...
No more cloudy days...
No more crying in the midnight hour
The fears that just won't fadeNo more loneliness
No more sky that all seems gray
For am resting in your blood stain hands
Forever and alwaysCan you help me say, thank you for the blood. (Thank you for the blood)
Cos it has all power (All power)
The healing power (Healing Power)Can you say, thank you for the blood. (Thank you for the blood)
