Something About You

Boston

When I was younger
I thought I could stand on my own
It wasn't easy
I stood like a man made of stone, yeah, yeahBut there was something about you
(I want you to know)
It brought a change over me
(It's startin' to show)
I've got this feelin' inside
Gotta have ya, have ya, ain't no good to hide(It isn't easy to show)
What I'm feeling inside, girl
(It isn't easy, I know)
When you believe in a man like meWhen I get angry
I say things I don't wanna say
I really mean it
I don't want to leave you this way, yeah, yeahI couldn't help my reaction
(I want you to know)
I lose control over you
(I just wantchu to know)
Got this feeling inside
Gotta have ya, have ya, ain't no good to hide(It isn't easy to show)
What I'm feeling inside, girl
(It isn't easy I know)
When you believe in a man like meBut there was something about you
It brought a change over me
I got this feelin' inside
(Gotta have you, have you)
Ain't no good to hide(It isn't easy to show)
What I'm feeling inside, girl
(It isn't easy, I know)
To believe in a man like me, like me
Can'tchu see, I gotta, gotta have you?Yeah, yeah, yeahBut there was something about you
(Yeah there was something about you)
