No One Will Ever Know

Roy Orbison

No one will ever know my heart is breaking
Although a million teardrops start to fall
I'll try myself to sleep and wake up smiling
I miss you but no one will ever knowI'll tell them we grew tired of each other
And realized our dreams could never beI'll even make believe I never loved you
Then no one will ever know the truth but meI'll tell them we grew tired of each other
And realized our dreams could never be
