Bombs over Brooklyn

Big Data

We can make our heart move in another place
We can touch the ground up in outer space
We can find the sun in another way
We can hold each other for another dayOh the way, the sound, the silence is the mushroom cloud away from everything
Time to face ourselves in preparation for the shells to keep it safe from everything
10, 9, 8, 7, 6, 5, 4
3, 2, 1
Cause when the bomb arrives,
there'll be no where left to hide
Yeah when the bomb arrives,
there'll be no where left to hide
And when the bomb arrives,
there'll be no one left behindNo one left behindWe should pack our things just to get away
We could make our move at the break of day
We should disconnect; no more time to waste
We could ride out in a distant placeOh the way, the sound, the silence is the mushroom cloud away from everything
time to face ourselves in preparation for the shells to keep it safe from everything
10, 9, 8, 7, 6, 5, 4
3, 2, 1
Cause when the bomb arrives,
there'll be no where left to hide
Yeah when the bomb arrives,
there'll be no where left to hide
And when the bomb arrives,
there'll be no one left behindNo one left behindWe can watch the fire rising up like morning lights
We can watch the beam shoot across the evening sky10,9,8,7
We can watch the fire rising up like morning lights6,5,4
We can watch the waves shoot across the evening sky3, 2, 1
