hearts

cocklobin

It's not too pretty, it's such a shame
These things always end the same
You don't deserve just what you'll get
But you ain't learnt your lesson yet
So what if he said, ?I love you?
So what if he thought, he'd be true, well
Love is whispered token and
Hearts were meant to be broken
City girl it's always this way
Romeo leaves with nothing to say
So what about you and your surprise
Come on babe and dry your eyes
When will you see that he was fool?
When will you see, he followed the rules that
Love is whispered token and
Hearts were meant to be broken
You know that
Love is whispered token and
Hearts were meant to be broken
