Drunk Love

Nils Bech

So you had another 24 hour flu again
Now you end up having only a friend
I don't wanna ask for numbers, I don't wanna ask for number anymore
I don't wanna wait around hoping, hoping for another callThis is love I can't afford, I'm so bored so tired of being bored
This is love I can't afford, neither my body, wallet or my soulFirst drink, then love, love drunk, drunk love
Get drunk, find love, soul drunk, love found
More drink rough love, tough luck what the
Love drunk, drunk love, that's what we're hoping forSo you had another 24 hour flu again
Now you end up having only a friend
I don't wanna ask for numbers, I don't wanna ask for number anymore
I don't wanna wait around hoping, hoping for another callGet drunk find love
Get drunkThis is love I can't afford, I'm so bored so tired of being bored
This is love I can't afford, neither my body, wallet or my soulMore drinks less love, dress to impress love
Spend cash, shake that ass, move fast what a blast
Real drunk fake love, fake drugs make love
Take of make out, that's what it's all aboutSo you had another 24 hour flu again
Now you end up having only a friend
I don't wanna ask for numbers, I don't wanna ask for number anymore
I don't wanna wait around hoping, hoping for another call
