Taj Mahal

Chucknorris

I'm Shahjahan, you're Taj Mahal
Do you remember that night at the Mainah Bazaar
You're meant to be mine
You're meant to be mine
I saw fourteen children in your lovely brown eyes
To be king and queen was just a disguise
You're meant to be mine
You're meant to be mine
So keep on, keep on, keep on, keep on
Keep on, keep on, singing baby
(Singing baby)
Keep on, keep on, keep on, keep on, singing baby
(Singing baby)
Keep on, keep on, keep on, keep on, singing baby
(Singing baby)
Keep on, keep on, singing
Taj Mahal, Taj Mahal
Oh sitting with you on the banks of the Ganges
Stealin' a kiss on the streets of Bombay
Caressing your hair like the wind through the palm trees
I never dreamed that anyone could take you away
So keep on, keep on, keep on, keep on
Keep on keep on singing baby
(Singing baby)
Keep on, keep on, keep on, keep on, singing baby
(Singing baby)
Keep on, keep on, keep on, keep on, singing baby
(Singing baby)
Keep on, keep on singing
Taj Mahal, Taj Mahal
I'm buildin' a beautiful statue
To make sure that no one forgets you
Yea I'm buildin' a beautiful statue
To make sure that no one forgets you
Yea I'll make sure that no one forgets you
I'll make sure that no one forgets you
I'll make sure that no one forgets you
I'll make sure that no one forgets you
Taj Mahal, Taj Mahal

Taj Mahal, Taj Mahal
