Onehour

Seconds Away

Advisory - the following lyrics contain explicit language:

Taken -
Ripped away -
Speechless -
From all the shit you say
You left me out right next to nowhere
And I figured I might wanna stay
Cause the only thing I know, is this misery
So if this life's worth living, then take it awayThere's no way of taking it
Back in one day
Is it too late to see
That we made the mistakes
Am I all that you wanted
[You] didn't need me before
There's no way to stop as we
Fall through the floor
Oh, the lies that you told
Watching as it unfolds, now my
Blood runs as cold as the stone where my heart used to beAnd we've all got
Something that's so much to lose
Oh, and my soul remains empty from you
Indifferent and displaced from fate
All cause love gives you something to hate
Drive my body
Straight into the earth
If that's one way to hell
That can get me there first, cause
The only thing I know is this misery
So if this life's worth living, Then take it away
There's no way of taking it
Back in one day
Is it too late to see
That we made the mistakes

Am I all that you wanted
[You] didn't need me before
There's no way to stop as we
Fall through the floor
Oh, the lies that you told
Watching as it unfolds, now my
Blood runs as cold as the stone where my heart used to beThere's no way of taking it
Back in one day
Is it too late to see
That we made the mistakes
Am I all that you wanted
Didn't need you before
There's no way to stop as we
Fall through the floor
Oh, the lies that you told
Watching as it unfolds, now my
Blood runs as cold as the stone where my heart used to be[Blood runs as cold as the stone where my heart used to be]
[Blood runs as cold as the stone where my heart used to be]
