# Blasting The Virginborn

## Bloodbath

Nazarene
I've come to bestow you this crown of scorn
Destined to be cast down
And folded in earth
Resent me
Sworn enem of the weakened heart
Cursing the miracle
Leech of the sun
Darkness that will overcome
Insurrection displayed
Mark the path in his flesh
And blast the way
Wage the war
Madness awakes and reveals its face
Truly immeasurable
Hidden in all
Insane celebration
Salvation's unborn
Violent is the rapture
Blasting the virginborn
