Excalibur

Grave Digger

Unknown heir, orphaned page
A King to be come his age
For God's sakeSorcerer, sword in stone
Release will bring the throne
For the chosen oneThe Almighty will point out
The only royal blood in the crowdExcalibur
Sword of the kings
Take me on your wings
Back where I belong
ExcaliburUnworthy bound to fail
Noble heart bound to gain
Challenge your faithSorcerer, sword in stone
Release it, ascend the throne
Take the crownThe Almighty now throws the dice
Wrath of the man without a viceExcalibur
Sword of the kings
Take me on your wings
Back where I belong
ExcaliburPrecious sword, wraps up them
He deserves to rule the land
Lead BritanniaExcalibur lights up the sky
Hard times have been passing byExcalibur
Sword of the kings
Take me on your wings
Back where I belong
ExcaliburExcalibur
Sword of the kings
Take me on your wings
Back where I belong
Excalibur
