Goodbye in Telluride

Dierks Bentley

Baby you ain't gotta wait forever
Before you go and break my heart
If you're thinking that we shouldn't be together
Just leave me in the dark a little longerDo it on the highway, do it in the driveway
Chevrolet packing out
But not here in this cafe booth [?] view
Don't ruin this perfect timeSay "it's over" over on the West Coast somewhere
In the middle of the city, New Year's Eve, Times Square
If you've gotta let me go I'm gonna be alright
Just don't tell me goodbye here in Telluride
No don't take me that low when we're up this high
Don't you tell me goodbye in Telluride
Ever since we touched down in Colorado
I could tell something wasn't right
'Cause you'll look at those snow-capped mountains
But you won't look into my eyesDo it in a text, better yet in a letter
You can leave on my pillowcase
You can wreck me back in Tennessee
Anywhere but this placeSay "it's over" over on the West Coast somewhere
In the middle of the city, New Year's Eve, Times Square
If you've gotta let me go I'm gonna be alright
Just don't tell me goodbye here in Telluride
No don't take me that low when we're up this high
Don't you tell me goodbye in TellurideDo it on the highway, do it in the driveway
Chevrolet packing out
But not here in this cafe booth [?] view
Don't ruin this perfect time
Dont' say "it's over" underneath this sky so blue
Don't say "it's over", have a little mercy girl, won't you
Say "it's over" from your window seat while on flying home
Maybe once we get back, do it over the phone
If you've gotta let me go, I'm gonna be alright
Just don't tell me goodbye here in Telluride
No don't take me that low when we're up this high
Don't you tell me goodbye in Telluride
Don't you tell me goodbye in Telluride
