Do Better Blues

Jhene

Ayee ayeee ayeee. ayee ayee. uh. uh. aye.
If i could do better..
Then you could better too.
But i don't want better
Cause it only gets better witchu![HOPE]My gut told me "stay or leave."
Now thats a crazy way to start a verse ain't it?
UH. I got advice from both Jay and Steve.
My business need me focused this focus is what i need.
Baby we don't need to chop it up. Darling we need to cleav.
Instead of yelling fussing loud cussing in the street.
So grow the f**k up one time my baby please.
Know this pride is gon' kill us and yo friends don't feel us but..[Jhene-Chorus]If i could do better
Then you can do better too.
But i don't want better
Cause i'm only better with you. whoa.
If you could do better
Then i can do better too.
But i don't need better
It only gets better with you.[Verse]If i were your rib then you were my shoulder
I'll be your rock cause you were my boulder.
When we're together they can't stop both us.
[they can't stop both us. they they they cant stop both us.]
My only plans with you are
Spending my one life staying with you
The wrong that keeps me right and
The light that keeps me guided.
Ooh. whoa oh.[Jhene-Chorus]If i could do better
Then you can do better too.
But i don't want better
Cause i'm only better with you. whoa.
If you could do better
Then i can do better too.
But i don't need better
It only gets better with you.[HOPE]UH.
