Perfect Storm

Brock Zanrosso

She drives me crazy, she's like a maniac
I wanna leave but I just can't get my heart back
It's complicated, so pretty twisted
It makes no sense to pretend, I can resist itI'm powerless to the highs and the lows
(Powerless)
You're so out of control
But I'm glued
(Ooh, ooh)
To the gorgeous destruction of youI try to give you up but I'm caught in your perfect storm
It's poison but I like it
I wanna give you up but I'm caught in your perfect storm
No, I don't wanna fight itI get distracted, I feel demented
So pretty sick 'cause the thought of you is cemented
Maybe I'm paranoid but I can't shake it
You've got a hold on me, I can't break itI'm powerless to the highs and the lows
(Powerless)
You're so out of control
But I'm glued
(Ooh, ooh)
To the gorgeous destruction of youI try to give you up but I'm caught in your perfect storm
It's poison but I like it
I wanna give you up but I'm caught in your perfect storm
No, I don't wanna fight itCaught up in the eye of the storm again
Are you sure you know who's controlling it
Caught up in the eye of the storm again
Are you sure, sure, sure, sure you know?Who's powerless to the highs and the lows?
We're so out of control
But we're glued
(Ooh, oh, ooh, oh)
To this gorgeous destruction, it's trueI try to give you up but I'm caught in your perfect storm
It's poison but I like it
I wanna give you up but I'm caught in your perfect storm
No, I don't wanna fight itI try to give you up but I'm caught in your perfect storm
It's poison but I like it
I wanna give you up but I'm caught in your perfect storm
No, I don't wanna fight itWhoa, whoa
It's poison but I like it
Whoa, whoa
No, I don't wanna fight it
