Superman

Pink Cream 69

I've been adrift for most of my life
Giving that love at the edge of the night.
Trying my best to make everything right,
Searching for answers that lead me to lies.(Pre-)
Now I've been a fool, run from my own dues,
Everything's easy when nothing's to chose.
I've been a saint and follow my pride
All of the angels were there at my side.You can call me a tramp, call me a liar,
But you know it's part of the plan.
So get out of my way, I got nothing to say
Cause I ain't no superman.So many memories of one and some
Some recognized, but it's taken so long.
Driven by harbor, then guided by fear,
All of the answers are find out too late.
(Pre-)
But everything's cool, everything's fine,
I got my stories and I got my wine.
I open into, I've lost as the year,
All of my angels will come back to me.You can call me a tramp, call me a liar,
But you know it's part of the plan.
So get out of my way, I got nothing to say
Cause I ain't no superman.When you're all saved in peace
I'll be out on the case
And I'm proud to be part of the clan.
And I keep my head low cause I want you to know
That I ain't no superman.I ain't no superman, baby.Oh, any superman,
Oh, any superman...
You can call me a tramp, call me a liar,
But you know it's part of the plan.
So get out of my way, I got nothing to say
Cause I ain't no superman.When you're all saved in peace
I'll be out on the case
And I'm proud to be part of the clan.
And I keep my head low cause I want you to know
That I ain't no superman.
