So In Love

Caetano Veloso

[Rick Ross:]Love is a powerful word
And you've been on my mind so much, lately
How can I say this?
I'm always late to dinner days
Looking in her face
Marathon love making but she win the race
I live a certain life
It's hard for me to feel I'm safe
Toni Montana money greet the guards at the gate.
Greeks and gods on the lawn, on the estate
Versace couches, sandals, candles, and matching plates
This picture's better than Bocciat's greatest endeavor
I'm kissing shorty in the rain but I'm making her wetter.
[Chrisette:]It beats every single time that I see your cell number showing up on my phone
It beats every single time that you're near me,
I'm not ready yet, just leave me alone
I feel it deep in my veins, it's trying to say it's ok
But I ain't ready to go
Without my permission my heart is on a mission
It's got a mind of it's own
[Bridge:]I say no and my heart just goes wit it
No control, so I'm trying flow wit it
I'm so gone and i shouldn't have told it
Never should have told my heart
[Chorus]I, I, I'm so, oh, oh, oh in love
(Never should have told my heart)
I, I, I'm so, oh, oh, oh in love
(And my heart is saying)
Boom Boom clap clap Boom Boom Boom (and my heart is saying)
Boom Boom clap clap Boom Boom Boom
(I never should have told my heart)
I, I, I'm so, oh, oh, oh in love
[Chrisette:]Pitter pitter, patter patter,
Everything is scattered scattered
Something is the matter with me.

Boom like the radio
Loud like a stereo
This is how my heart beats

It's like a broke record, but I can't eject it feels like it's on repeat.
I got a new confession
Love's my new obsession
My heart's talking to me
It Said: boom boom boom
[Bridge:]I say no and my heart just goes wit it
No control, so I'm trying flow wit it
I'm so gone and i shouldn't have told it
Never should have told my heart
[Chorus:]I, I, I'm so, oh, oh, oh in love
(Never should have told my heart)
I, I, I'm so, oh, oh, oh in love
(And my heart is saying)
Boom Boom clap clap Boom Boom Boom (and my heart is saying)
Boom Boom clap clap Boom Boom Boom
(I never should have told my heart)
I, I, I'm so, oh, oh, oh in love
[Rick Ross:]You know we court side till we get our 6 rings.
We both on common ground, it ain't a big thing,
But when we come around they make it a big thing.
Still on the block in that drop chicken box,
They asking "what that is?" "is that a different watch?"
When I'm in stunt mode, I gotta let the city watch.
Or it's the clear pore jet to a chilly spot.
[Chorus]I, I, I'm so, oh, oh, oh in love
(Never should have told my heart)
I, I, I'm so, oh, oh, oh in love
(And my heart is saying)
Boom Boom clap clap Boom Boom Boom (and my heart is saying)
Boom Boom clap clap Boom Boom Boom
(I never should have told my heart)
I, I, I'm so, oh, oh, oh in love
