I Guess

Slick Shoes

Me, me, myself and I
I guess, I'm scared you lied to me again
I guess as foolish as I am
Had a weakness for you
'Cause once you cared for meWe all know
That you are hurting deep inside
We can tell
Your life's regret is killing youWe never have the time
To straighten out the lines
Between you and IAnd if, if I saw you die
I'm scared I would not cry
Because of what you said
