The Monist

Obscura

I, I am the immanent and transcendent
Incarnated through matter and halo
I, I am a vermin, a Eucharist
Resurrected in endless endeavourSo it shall come
As I create
In orbital resonanceI, I am the parasite, the heretic
Cursed eternal cosmic force
I, I am the monist, enlightener
Doomed to fail - Eternally
Convergent stars - A synergy condemned in bloom
In time and space - Liminal agnosiaThis is the end
An abysmal atrocious demise
This is the end
When soul and spirit unite
Convergent stars - A synergy condemned in bloom
In time and space - Liminal agnosia
In full emptiness - Visual audibility
Devoured downfall - Inexorable destiny
