Hats Off To Larry

Del Shannon

Once I had a pretty girl
Her name it doesn't matter
She went away with another guy
Now he won't even look at her
Hats off to Larry
He broke your heart
Just like you broke mine when you
Said we must part
He told you lies
Now it's
Your turn to cry, cry, cry
Now that Larry said goodbye to you
I know this may sound strange
I want you back
I think you'll change
But there's one more thing I gotta say
Hats off to Larry

It may sound cruel
But you laughed at me when you
Said we were through
You told me lies
Now it's
Your turn to cry, cry, cry
Now that Larry said goodbye to you
Hats off to Larry
It may sound cruel
But you laughed at me when you
Said we were through
You told me lies
Now it's
Your turn to cry, cry, cry
Now that Larry said goodbye to you
To you, to you
