# Human Hatred

## Before the Dawn

Ignorance is bliss
Hatred shows the way
Things that make a man to act in godly waysSuffocate he must
The anger down inside
Fight against himself but will he win this timeBreak the weaker mind
Crush the thin white spine
Nothing here is not so sacred
Too big of a cross to bear
Is the beauty that we share
....give into human hatredThe world is crawling in bitterness and human hatred
We live for breeding sin
