Better Life

Xuman

CHORUS
You came for better life
Your dreams are about to satisfy
Youâ€™re self adoring
Youâ€™re plans are so boring

VERSE1
When you want to
To believe in that time
You could draw all
All that pictures and signed

PRE-CHORUS
But
They keep their heads in the snow
Theyâ€™re running unknown
Theyâ€™re running alone
They keep their hands in the soil
They twist in that coil
They warp in that toil

VERSE 2
When you had to
To bewail all your toll
You could waste all
All amount of your dole
