Sunset

Derek Rogers

(Clarence Paul/Stevie Wonder)
Sunset, sunset
It's sunset, it's sunset
You went and left happy
You're all alone
You turned and walked away
About this time of day
It was always sunset

Sunset
I didn't want you to see me cry
So I turned my head
To hide the tears in my eyes
I turned when evening shadows fall
That's when I miss you most of all
And oh, it's sunset
Oh, sunset
