Not Even Stevie Nicks...

Calexico

With a head like a vulture
And heart full of hornets
He drives off the cliff
Into the blue, into the blueNot even the priestess
With her wrenches and secret powers
Could save him from danger
For a little while, for a little whileNot even she could save him
Not even she could save himWith a head like a vulture
And heart full of hornets
He drives off the cliff
Into the blue, into the blue
