Adeline

Deathbot

[Kasey] Poor Adeline, Poor Adeline
[Together] Where's your heart? Where's your mind?
[Kasey] First in the crowd, last in the line
[Together] The world can be so unkind
[Kasey] The winds gunna blow, the rains gunna call
[Together] Where do you hide? Where do you run?
[Kasey] Poor Adeline, Poor Adeline
[Together] Where's your heart? Where's your mind?

[Together] Oh how a girl can fade away
Black and blue and shades of grey
Whose gunna save you now?

[Kasey] Poor Adeline, Poor Adeline
[Together]T ake a rest, take your time
[Kasey] You'll never know, you'll never find
[Together] All you took, you left behind
[Kasey] The winds gunna blow, the rains gunna call
[Together] Where can I stand? One by one
[Kasey] Poor Adeline, Poor Adeline
[Together] Where's your heart? Where's your mind?

[Together] Oh how a girl can fade away
Black and blue and shades of grey
Whose gunna save you now?

[Together] Poor Adeline, Poor Adeline
Where do you run? Where do you hide?
Poor Adeline, Poor Adeline
Where's your heart? Where's your mind?

Oh how a girl can fade away
Black and blue and shades of grey
Oh what a mess you've made today
Whose gunna save you, now?
