Its Alright

Cameron

Its alright, woah
Let me tell you now
MimsI came to blow a grip
You know I dont care
Grab a couple stacks
Throw the money in the airDrive the black car
Open up the bar
Shut the club down
Leave with a couple broadsYoure fucking with a star
You can see the glow
Im pushing 40 stacks
For a 10 minute showNigga do the math
Ima need a bath
'Cause Im filthy rich
Making money out the assMy little cousin told me
This is my year
I wont stop
Till a nigga shuttin' down Times Square, yeahI do this for the block, no lies
So I can drop the top on the 645
See until youre on top, niggas dont show respect
But my name Mims a.k.a cut the checkI used to play the bench
But now Im on deck
When Im hopping off the jet
Niggas face look upset, but Im quick to tell themIts alright, woah
Im so quick to tell 'em
Its alright, woahNow you know the shit popping
When the chick you just met
Got your name tattooed
On her ass and her neckAll the ladies love me
Im their favorite MC
Nigga true definition
P I M PThere aint a place I aint been
Ery strip, ery scene
Like my nigga Big said
'It was all a dream'Now Im sitting in the beam
Inside money green
Nigga all about the cash
You can tell how I leanKeep your eyes on the beam
Like I told you in the hot song

Its all about the cake
Being broke aint a optionHaters in the hood with the heat tryin to pop strong
I'ma quick grip when they see me with the rock song
But nigga Im Mims a.k.a cut the check
See I keep it so hot but I never bust a sweatI used to play the bench
But now Im on deck
When Im hopping off the jet
Niggas face look upset, but Im quick to tell themIts alright, woah
Im so quick to tell 'em
Its alright, woah
HatersI'm the freshest motherfucker
On the scene
A grand on the jeans
Sittin' on some ice creamsI represent New York
Big city of dreams
Where we ride on 10s
But you know we keep it cleanSee I lay my game down
Flip a few styles
10 times out of 10
You gon like the way it soundYou know I get it in
And if you dont like it its fine
So get yours
'Cause I'ma definitely get mineIts alright, woah
Im so quick to tell 'em
Its alright, woah
